

## **POSSESSED TOOLS**

*Wondrous item, common*

This tool kit, which can come as any type of tool kit, acts on its own. By opening the tool kit and speaking what you wish it to do, as long as the tool kit is within hearing range, 30 feet, of you, it attempts to follow through with your instructions. The opener commands the tool kit and acts for it, with it having a +5 to its roll + the opener's proficiency bonus.
