

TEXTILE OF IMAGERY

Wondrous item, rare (requires attunement)

This textile, which seems at first to be a 6 foot square blanket, can change size, form, texture, and appearance to suit whatever you think of.

The textile cannot hurt a creature, and it cannot grow to more than 10 feet by 10 feet, no more than 40 pounds, and no more than an inch thick.

This effect is part of your action.
